

Education

- Santa Catarina State University - Joinville, Brazil - Undergraduate in Computer Science (2017)
Graduating in the Graduate Program in Applied Computing (master degree) (now)
 - Teaching assistant of Formal Languages by two years
 - Completed a scientific initiation in non-linear dynamics systems
- Participated at Hilbert Bernays Summer School on Logic and Computation 2016 and 2018

Languages

	Listening	Reading	Speaking	Writing
Portuguese	Good	Good	Good	Good
English	Good	Good	Moderate	Moderate

Areas of Scientific Interest

- Theoretical Computer Science
- Category Theory
- Type Theory
- Formal Methods
- Programming Languages Theory
- Proof Assistants

Current Subject of Study

- Coq proof assistant
- Formalization of type systems of programming languages

Publications

- Análise do Sistema de Tipos de Haskell - Workshop - Escola de Informática Teórica - WEIT 2017
